**Obituary.**  
Elmer E. Markle was born in Porter, Mich., August 11, 1864; died in Lawton March 1st, 1895—in which vicinity he has made his home. He and his family spent the winter of '93 in Colorado for his health, but returned without being benefited. September 27, 1893, he was united in marriage with Anna May Stone. He was the father of three children—one son and two daughters, who, with his wife, are left to mourn the loss of a kind and loving father and husband. For the past four years he has been a great sufferer. His mother's death was a severe blow to him. Since then he has failed rapidly, but was not confined to his home until three weeks previous to his death. His last two weeks were spent in constant pain, but through it all he was patient. He was tenderly cared for during his sickness and died surrounded by his dearest relatives.  
The funeral was held at the M. E. church on Sunday, March 3, Rev. H. L. Rood officiating, and the remains were laid to rest in Oak Grove cemetery at Lawton.

**Card of Thanks.**  
We desire to thank our friends and neighbors, and especially Mr. Moulton, Mrs. Butler and Mrs. Buskirk, for the kindness rendered us during the illness and after the death of our departed one.

**CASTORIA**

**for Infants and Children.**

**MOTHERS, Do You Know** that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

**Do You Know** that opium and morphine are stupefying narcotic poisons?

**Do You Know** that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

**Do You Know** that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

**Do You Know** that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

**Do You Know** that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

**Do You Know** that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

**Do You Know** that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

**Do You Know** that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

**Do You Know** that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

**Well, these things are worth knowing. They are facts.**

The fac-simile signature of **Dr. H. Pitcher** is on every wrapper.

**KING OF EYES!**

Eyes POSITIVELY Treated Successfully.

**PROF. B. MINCER & SON,**  
THE EXPERT EYE SPECIALISTS.

Have never been excelled in fitting the Eyes, no matter how difficult or complicated the case may have been. Their thorough knowledge of the structure of the Eye, and to their extensive practice, they attribute their unprecedented success in fitting where others have failed. Remember, they fit where others are in the dark. They are the CHAMPIONS OF VISION of the Nineteenth Century. Their name is a household word in every place where they have treated the afflicted. They are a stumbling stone to the greatest scientists. They look on with amazement. No one can dispute that fact. Your neighbors must admit it.

The delicate construction of the Eye makes it necessary to use great care in selecting Spectacles. We have made the Eye a special study and have paid our entire attention to the adaptation of the same, having a thorough experience in making and adapting lenses to the Eye, we can fit accurately in every case of abnormal vision, known as Presbyopia, Myopia, Hyperopia, and Astigmatism, as well as weak sight, requiring various tinted lenses. It is not generally understood by those depending on artificial assistance to enjoy good vision that it requires as much skill and scientific knowledge to adjust Lenses to the Eye as it does to prescribe proper medicine for the system. A pair of Spectacles should not be purchased from any person who is not thoroughly acquainted with anatomy, physiology, disease of the eye, laws of light, or the science of optics. Headache and nervousness are often caused from the eyes, by different defects, and can only be relieved by properly adjusted Lenses. "An ounce of prevention is worth a pound of cure."

**ARTIFICIAL EYES INSERTED.**  
**NO CHARGE FOR EXAMINATION.**

Will be at hotel in Lawrence Monday, Tuesday and Wednesday, March 25, 26 and 27, ONLY.
